## Six New Movies Slated

Six new films have been scheduled for viewing during the month of May as part of the Joslyn Film Series, sponsored by the Torrance Recreation Department. Members of the entire family are invited to attend the Friday showings at the Joslyn Center, 3335 Torrance Blvd., May 10, 24, and 31, at 7:30 p.m. "The Golden Twenties," a revue of the historical events, personalities, sports, and fashions of the period from 1920 to 1929, will highlight the three films to be shown May 10.

A SECOND film, "Rembrandt—Painter of Man," depicts the artist's cultural achievements. The third movie, entitled "Currier and Ives," shows the Currier and Ives prints that represented American life in the last half of the 19th Century. May 24, the film series will present the colorful production, "Hunters of the Deep," which was acquired from the Los Angeles County Museum of Natural History. Dan O'Herlihy narrates this film, which explores ocean depths in the Pacific, capturing some

exciting shots of the denizens of the sea. TWO MORE films will be shown May 31. The first, entitled "Race for Space," analyzes the missile race between the United States and Russia including Soviet Space films

of the launching of several space crafts. "The Olympics," the last of the May film series, tells the story of the games from their beginning to the present. Due to the annual Armed Forces Day Celebration on Friday, May 17, there will be no film series presented that day.
